Dear President Zuma,

I am writing this to remind
 you that Poaching rhinos is really
 sad and bad because the rhinos
 should be free. They didn't do anything
 to us so it's mean to poach
 these poor poor poor poor rhinos.
 They will become extinct
 it takes away baby rhinos
 parents and they become orphans
 and people should eat
 fruits, vegetables, dairy, protein so
 we don't have to eat animals.

Yours most sincerely,
