Dear President Zuma,

AS a president you
should help the rhinos because
they did nothing to the
poachers so the poachers
don't have to kill them. If
people didn't stop poaching the
rhinos will be extinct!!!! Then
there will be no more
rhinos. Baby rhinos parents are
getting killed and baby rhinos
are becoming orphans. That's
why I think that people should
stop poaching rhinos.

Yours most sincerely,
