

Dear President Zuma,

Please, please, please the Rhino poaching.

The decreasing numbers are horrifying and we are the only ones that can stop it. We have the power to stop these animals from disappearing FOREVER.

We can make a difference!

We can live without the horns and the medicine that comes from Rhinos. We are inventive and we can find an alternate method. Save their lives. PLEASE!

Outlaw poaching!!! It is wrong.

Sincerely
Jaqueline Fromie
