Dear Sr Imadam

HELLO! My name is Matlwane, im writing this because OF THE MATTER OF RHINOS.

I want you ^{to make} Rhinos to be save as soon as possible. And find a way of preventing the poarching. ALSO to make Rhinos feel free not to be scared all the time.

The question is will you ^{be} able to do it. And im sure there is always a way. I think AS our responsibility we must think about the rhinos, e.g Rhinos use their horns for self-defese. OR THINK how difficult it would be for a human mammy to work with her baby if she did not have arms.

Lastly IF we work together as a team, that will make work better and we can be able to keep the rhinos live longer and longer. And I think th that way we can prevent. poarching.

YOURS FAITHFULLY

SPOTS

Orphaned Baby Rhino
