Dear President Zuma,

I plead to you to stop rhino poaching. If a poacher is caught then sentence him/her for life in prison. No bail! Rhinos are an endangered species. Please give lot's of money to the Kruger National Park to get lots of guards and equipment at night. Support the the campains and initiatives with money to raise awareness as we don't want to the rhinos to be extinct so that the people in the future can't say "what's a rhino?" When we say "a rhino is a beautiful animal," We want the big 5 Not the big 4.

Yours most sincerely,
