

Date: 27 November 2012

Dear President Zuma,

My name is Daniella. I would like you all to please help us to stop rhino poaching. I really don't want the rhinos to be extinct in the future because we don't want our children in the future to not know about rhinos. Rhinos are the most beautiful species in the world and I'm really worried that the rhinos would be extinct. We want a big five not a big four. Please help us to save the rhinos.

Yours most sincerely,
