

Date: 27 Norember

Dear President Zuma,

I would like to ask if we can make more laws on the poaching in South Africa. I would put more fencing around the parks. (Kruger National Park) When the younger South Africans get older we would like to tell our children and grandchildren about the Rhino. I think thier should be more cameras around the kruger National Park. I think we should rase more money to help the Rhinos.

Yours most sincerely,
