Dear President Zuma,

Hello my name is Frances Grace McNally.
Everytime my family goes to the Kruger National
Park, we would all look for a Rino! But if
Rino's become extinct we cant play that game!
Imagine if my children would think of
Rino's like dinosaurs!!! Some people think
Rino's are big lazy things but to me they are
Big, sweet, kind animals and that is NOT
what the poachers think about them!!

We must react like you reacted
with apartheid.

Yours most sincerely,
