Dear President Zuma,

Please stop killing the rhinos. I  
want to see one some day. Rhinos  
horns are not special they're the  
same as hair and finger nails.  
Do you want your grandchildren to  
see a rhino? When I grow up I  
want rhinos to still be in Africa!  
There are only 60 Javan rhinos  
left in the world

Yours most sincerely,
