Dear President Zuma,

Will you please send in more of  
your military to help stop rhino poaching. We need  
to save these beautiful animals for further generations  
to see. If you're okay with this, will you please  
make it the law that you can't poach any animals.  
Have you seen the greusome and cruel things  
that they do to them to get their horns? So please  
help stop rhino poaching.

Yours most sincerely,
