Dear President Zuma,

Please use all of the military you
 can to help the rhinos. They are illegally
 poached every day. I am really sad
 about the things that we learned in class.
 The Big Five, the lion, the elephant, the ox,
 the cheetah, and the rhino, may not be
 the Big Five by 2022. Please help the
 rhinos so that they don't become
 extinct. They don't do anything for
 us, so why should we do anything
 to them. Help the rhinos!

Yours most sincerely,
