Dear President Zuma,

Please get more military  
people because you need  
to stop the people from killing  
Rhinos just for their horns. **I DOES**  
**NO** Good. If you can hide  
cameras every where Rhinos  
go go and get a lot of  
people to watch these computers  
and when any person tries  
to kill them you can send  
in military people and get the  
person and hang them while they  
die and then you can throw them  
in a river.

Yours most sincerely,
