Dear President Zuma,

Please stop killing the rhinos
 because if you do this then
 all of the children can not
 come to Africa because there
 will be no rhinos to look at
 or to take a picture of and
 the rhinos horn is made of our
 finger nails and hair and it
 is not good for you so please
 stop this because then the
 rhinos will die and you can not
 bring them back when they are gone.

Yours most sincerely,
