Dear President Zuma,

Would you please stop killing the rhinos? All you are eating are finger nails and hair EW! There are only sixty rhinos left in one type of rhinos. Does any of that stuff sound nice to you? P.S What if you were one of those rhinos that died you would be sad wouldn't you? A lot of people love rhinos but you are being mean by killing the rhinos and crushing people's hearts.

Yours most sincerely,
