Dear President Zuma,

Have you ever looked into a  
rhino's eyes or touched their  
face? If so, then you know just  
how beautiful these animals are.  
Rhinos have done nothing wrong,  
yet humans continue to kill them  
for their horn. Rhino horn is not  
medicine and only belongs on a  
rhino. Please do everything in your  
power to keep rhinos safe from  
poachers. We can't save the Northern  
White Rhino, but we can save the

Yours most sincerely, 5 remaining rhino species  
from extinction.
