Dear President Zuma,

Hi, my name is Jane and I am 9 years old. I heard about this petition and wanted to get involved. I was very upset of what happened to those Rhinos. It is very important to me to help raise awareness for the Rhinos because they can't do it themselves. When I heard there was 25,000 Rhinos left in the world it got me so sad. I hope you guys can save the Rhinos that remain because if not they will become extinct in our lifetime.

Yours most sincerely, Jane
