

# Save the Rhinos! #561

Date: January 9, 2013

Dear President Zuma,

I am writing this letter to beg you to please put an end to Rhino poaching. Rhinos are beautiful, innocent animals who deserve our protection. We must act now before it is too late. You have the power to make a change. Let's put an end to this cruel, outdated murder. There is no benefit to hunting down these animals for their horns. Please teach these poachers a lesson and set an example for the future generation!

Yours most sincerely,
