Dear President Zuma,

I'm part of the starfish club, where we do things to help animals. I'm here to tell you stop poachers from killing rhinos! I'm the rhino's voice because they don't have one and i'm telling you, stop poachers from taking their tusks and letting them die a slow and painful death.

Please do what you can with all your power.

Yours most sincerely,

Thank  
You!!!
