Dear President Zuma,

I know you are aware of the dire situation in South Africa concerning mainly the rhino, but other animals as well. They are at risk of extinction, more than 2 rhinos are poached in South Africa every day. There are only 60 Javan Rhinos left in the wild right now, by the time this letter reaches you there will probably only be 50 left. I hold you ultimately responsible. You should be part of the solution not part of the problem. You should increase border security, have harsher consequences for poachers, and more protected areas for Rhinos. I

Yours most sincerely,
