Dear President Zuma,

Please stop hurting all the rhinos!
They need their horns to protect
their babies. The horn does absolutely
nothing all it does is kill the rhino!
If you keep doing this there will be
no more rhinos. That means they will be
extinct forever! We love rhinos and we
want to keep them safe! Please stop hurting
the rhinos and taking their horns! Please
stop! Rhinos are beautiful creatures! We need the
animals for years to come!

Yours most sincerely,
