Dear President Zuma,

I know you have been trying to save the
rhinos and I'm very thankful for that, but I know
a way to save the rhinos and get the money you
get for the horns. You want to know? Well you can build
a zoo or sanctuary for protection of the rhinos. And I have
heard that One More Generation is trying to encourage you
even more! Which is great and also I made a poem:

R-really important
H-hurt
I-imaginary (if they get extinct)
N-needy
O-obtuse
S-save

So that's my poem I hope it encouraged you like O.M.G is doing!
Finally please save the rhinos. I mean what if something or someone
you love died? How would you feel? Because the rhinos feel the same way
Help them.
