Dear President Zuma,

What did the rhinos deserve to be
killed? I would like you to see how much
we care for these rhinos. When you
kill a mommy rhino, the baby goes
looking for the mommy and eventually
dies. You should punishments for these
illegal poachers like put them in jail.
Also, you should make the border
security, so the poachers wouldn't
be able to get in as easy.
There should be more protected
spaces for the rhinos.

Yours most sincerely,
