Dear President Zuma,

Why do you kill rhinos?  
They have a heart like you, me, and  
everyone of us. They feel what you  
feel. If you were a rhino  
you would feel bad that they  
cut off your horn. People think  
the horns can stop cancer  
but no that just kills rhinos. And  
Poacher's should get a harsher  
PUNISHMENT. So stop kill rhinos!!

Yours most sincerely,
