

#588

Date: Austin 17-13

Dear President Zuma,

Can you stop poach. Here
are 3 reasons why poach
is bad. Poaching is bad because
they will go extinct. They
will have any self
defense then they will
die. the last reason
is if we kill them
all the ground will
not be fertilized then
the plants will not
grow so fast so please.

Yours most sincerely,
