Dear President Zuma,

Save the rhinos, I'm
in 5th grade trying to
put a stop to killing
rhinos in South Africa.
The rest of my class
is doing the same, see
I'm not the only one.
Poachers kill rhino for
their horns they shoot them
with a tranquilizer then they cut off
their horns then they bleed to death!
Would you like that to be you!

Yours most sincerely,
