Dear President Zuma,

Please stop the rhino poaching.  
1 reason, to stop rhino poaching  
is it doesn't stop cancer. It's  
the same thing as hair, fingernails  
and animal hooves. Another  
reason, is, people rip off the  
rhino horns. They use their  
horns for self defense. Last,  
tourism won't be good. People  
will not want to be  
somewhere where people kill  
rhinos. That's why you should stop them.

Yours most sincerely,
