Dear President Zuma,

Do you like tourist? If you do, these rhinos are a tourist attraction and if you lose all of them, that's losing a lot of tourist. And that means less money for your country. Then you'll start hearing complaints. Then there will be riots, starting war, injuries and death. So if you don't want that I suggest you stop poaching right now with big fines and longer jail terms. Thank for reading!!!!

Yours most sincerely,
