Dear President Zuma,

Do you like money? Because if you do
 there will be no tourist and no money
 with no Rhino. Plus these horns don't have med-
 icine. Some Rhinos only have one so they will
 be go extinct faster. To help them you can
 put more people guarding them. Or you can
 can put a letine fence top and bottom,
 to help. And Rhinos suffer everyday. 2 Rhinos
 a day are being suffered even killed.
 Even if they die if the no medicine there
 killing rhinos for nothing. Stop Rhino
 poaching. Don't let them suffer anymore.

Yours most sincerely,
