

Date: 1-28-13

Dear President Zuma,

I am writing you because I would like you to stop poaching. Did you know that in 2007 13 rinos where being poached and in 2011 600 rinos were poached. Wat a BIG change! Did you know that rinos help the ecosystem And do a really good job. Another thing is that baby rinos need to stay with there mom for 4 years. I think you shoud talk to your government about the laws to stop poaching.

Yours most sincerely,
