

Date: 1-28-13

Dear President Zuma,

Please stop the poaching of the
rhinos in 2007 13 rhinos were poached
in a year. By 2012 600 rhinos were
killed by poachers. Rhinos are needed
to keep the lifecycle or ecosystem
going in south Africa. Rhinos in Africa
became extinct in 2011 Horns
are made of protein keratin which
is what finger nails and hair are
made. NO scientific proof that
rhinos horns have any medicinal
value.

Yours most sincerely,
