Dear President Zuma,

Please do something to stop the poaching  
and slaughtering of your poor rhinos. If you  
don't all of the rhinos will become extinct.  
Poaching is so cruel! The poachers kill rhinos  
just for their horns. They cut off their faces  
and leave them to die. Baby white rhinos  
stay with their mothers for 3 years. When the  
mother is poached the baby dies too!  
Please stop the poaching in South Africa.

Yours most sincerely,
