Dear President Zuma,

Chik, Chik, Boom, ~~sliiiiiiiiice!~~ That's
 the sound of a rhino getting shot
 and their horn sliced off. As the
 president of Africa, I want you to stop
 the poaching. Poaching of rhinos
 is a problem all over Africa and efforts
 to protect them needs to be
 coordinated between governments.
 Rhinos are already endangered
 due to habitat loss and hunting.
 Stop poaching or else we won't
 have an animal with a horn on their
 nose.

Yours most sincerely,
