Dear President Zuma,

Boom! Boom! Hundreds of  
White Rhino's are  
being poached and killed each  
year! They can live up to 50  
years but when they are brutally  
killed they don't get to enjoy  
full life. The only predator  
to White Rhinos are humans because  
they are poaching more than  
ever. I am asking you to  
create better laws to stop the  
poaching and killing of the White Rhinos.

Yours most sincerely,
