Dear President Zuma,

I am writing to remind you
that you should really make
a law. A law that stops poaching.
One reason why is 600 rhinos were
poached in 2011. If you don't
make this law rhinos will be
completely EXTINCT!!!! They
build plant life cycles for plants.
And build homes for frogs.
Imagine none of what I said.
Please help the rhinos.

Yours most sincerely,
