Dear President Zuma,

I am writing you this letter to tell you that your country is poaching rhinos. Rhinos are good not bad. Do you know how long baby rhinos have to stay with their mommies for 4 years. Can you imagine a world without rhinos it can cost some trouble in your country. In 2012 600 rhinos was poached. Can you stop the poaching before there are no more rhinos left on the world or else rhinos will be

Yours most sincerely, extinged.
