Dear President Zuma,

If the poaching doesn't stop  
not just rhinos will be extinct.  
Some birds will die too because  
rhinos are part of an ecosystem.  
Rhinos force bugs out of the gr-  
ass. For some birds to eat. Please  
put stricter laws for poaching.  
Even more rhinos are being  
killed because baby rhinos  
need their mother for at least  
three years. If poachers kill the  
mother rhino, the baby rhino dies too.

Yours most sincerely,
