

Date: 1-28-13

Dear President Zuma,

Rhinos are being poached  
in South Africa. For example  
in 2007 13 rhinos were poached  
in 2012 600 were poached.  
Also baby rhinos need to stay  
with their mothers for four  
years. They fertilize the ground  
with their dung which help  
the eco system. Please stop the  
poaching of rhinos.

Yours most sincerely,
