Dear President Zuma,

Did you know that by killing rhinos
poachers are disrespecting you and the
country of South Africa. I think people
that poach should have a jail sentence
for 8 years. Poachers are so brutal to
chop off their horns and leave them
to die. Please stop the poachers.
Rhinos won't just become extinct,
other animals will die off too because
rhinos help them get food!

Yours most sincerely,
